

EMPLOYERS AND WORKERS UNITED: ICE IN THE WORKPLACE

Join our weekly virtual trainings for business owners, community-based organizations, and workers.

What should you do if ICE shows up at work? Using a hands-on approach, we will cover:

- **KYR: Constitutional protections at work**
- **ICE raids vs. I-9 audits**
- **California labor laws & AB 450 protections**
- **Public v. private areas in the workplace**
- **The role of workplace policy**
- **Penalties for retaliation and discrimination**
- **Q&A with an attorney**

Workers will learn their rights, employers will begin drafting a workplace policy, and CBOs will learn tools to train others.

Facilitator: Yunuen Trujillo, Esq.- Director of Workers' Rights and Labor Legal Services, immigration and workers' rights attorney.
